

ALTERNATE ONE YEAR SCHEDULE

Please note: The following alternate schedule is offered to new students who are serious about making a full commitment to the parish and their faith development. Admission will be granted only to students who frequently participate in the sacramental life of the parish (i.e. weekend Mass). Students who are interested in completing the program in one year must meet with one of the parish priests **before Dec 31st of this year** to obtain permission. The student (*not the parents*) should call the parish center to arrange a scheduled appointment with a priest. Students can only be enrolled in this one year program when their names are given to us by one of the priests.
